

Mr Shehu S AbdusSalam, DAMTP, University of Cambridge

Dr Cecilia Albertsson, Yukawa Institute of Theoretical Physics, Kyoto University

Professor Lars Andersson, Albert Einstein Institute, Potsdam

Professor Michael T Anderson, SUNY, Stony Brook

Dr Jo Ashbourn, University of Oxford

Professor Constantin P Bachas, Laboratoire de Physique Theorique, Ecole Normale Superieure, Paris

Dr Glenn Barnich, Physique Theorique et Mathématique, Universite Libre de Bruxelles

Dr Richard A Battye, Jodrell Bank Observatory, University of Manchester

Dr Marcus Berg, AEI, Potsdam

Dr David Berman, Queen Mary, University of London

Professor Piotr Bizon, Jagiellonian University

Dr Raphael Bousso, University of California, Berkeley

Dr Dorje Brody, Imperial College, London

Mr Mark Brook, University of Nottingham

Professor Robert R Caldwell, Dartmouth College

Mr Graeme N Candlish, University of Nottingham

Dr Sergey A Cherkis, Trinity College, Dublin

Miss Chan-Chi C H Chiou, DAMTP, University of Cambridge

Mr David D K Chow, DAMTP, University of Cambridge

Professor Piotr T Chrusciel, Universite de Tours

Mr Tim P Clunan, DAMTP, University of Cambridge

Mr Nicholas A Cook, King's College, London

Mr Neil B Copland, DAMTP, University of Cambridge

Dr Diego H Correa, DAMTP, University of Cambridge

Professor Edward Corrigan, University of York

Dr Sera Cremonini, University of Michigan

Dr Mihalis Dafermos, DPMMS, University of Cambridge

Dr Guiseppe D'Appollonio, King's College, London

Mr Paul Davis, DAMTP, University of Cambridge

Mr Sam R Dolan, University of Cambridge

Mr Manuel Donaire, DAMTP, University of Cambridge

Professor Roberto Emparan, ICREA, Barcelona

Dr Nick J Evans, Southampton University

Dr Alessandro AF Fabbri, IFIC, Universidad de Valencia-CSIC

Mr Pau Figueras, Universitat de Barcelona

Professor Jerome P Gauntlett, Imperial College, London

Professor Gary W Gibbons, DAMTP, University of Cambridge

Dr Steven T Gratton, Institute of Astronomy, Cambridge

Mr Sergey Grigorian, DAMTP, University of Cambridge

Mr Jai Grover, DAMTP, University of Cambridge

Dr Jan B Gutowski, DAMTP, University of Cambridge

Dr Sebastian de Haro, King's College

Professor Stephen W Hawking, DAMTP, University of Cambridge

Dr Thomas Hertog, CERN

Dr Stephen F Hewson, Queens' College

Mr Gustav H Holzegel, DAMTP, University of Cambridge

Mr James Hoskisson, University of Durham

Dr Conor J Houghton, Trinity College Dublin

Dr Veronika E Hubeny, University of Durham

Professor Christopher M Hull, Imperial College, London

Miss Ling Yan Hung, DAMTP, University of Cambridge

Dr Christopher J Hunter, BNP Paribas

Professor Jim Isenberg, University of Oregon

Dr Akihiro A I Ishibashi, Enrico Fermi Institute, University of Chicago

Professor Clifford V Johnson, University of Southern California

Dr Panagiota Kanti, University of Durham

Dr Shinsuke Kawai, Yukawa Institute, Kyoto & Helsinki Institute of Physics

Dr Adrian Kent, DAMTP, University of Cambridge

Dr S. Prem Kumar, University of Wales Swansea

Dr Hari K Kunduri, University of Nottingham

Mr Panagiotis P G Labropoulos, Kapteyn Institute

Dr Neil T Lambert, King's College, London

Dr Karl Landsteiner, IFT, Madrid

Mr Rui F Lima Matos, DAMTP, University of Cambridge

Dr Jorma Louko, University of Nottingham

Dr James Lucietti, University of Durham

Professor Malcolm A H MacCallum, Queen Mary, University of London

Mr Jonathan E Martin, University of Nottingham

Dr Julian J McKenzie-Smith, Financial Risk Management Ltd

Mr Ricardo J F Monteiro, DAMTP, University of Cambridge

Mr Eoin O'Colgain, Imperial College, London

Professor Hugh Osborn, DAMTP, University of Cambridge

Dr Matthew F Parry, University College, London

Professor Malcolm Perry, DAMTP, University of Cambridge

Miss Prim P Plansangkate, DAMTP, University of Cambridge

Professor Daniel Pollack, University of Washington

Professor Christopher N Pope, Texas A&M University

Mr Gianpaolo Procopio, DAMTP, University of Cambridge

Dr Emil M. Prodanov, Dublin Institute of Technology

Dr Arttu R Rajantie, Imperial College, London

Dr Mukund Rangamani, University of Durham

Dr Harvey Reall, University of Nottingham

Dr Fabio Riccioni, King's College, London

Professor Igor Rodnianski, Princeton University

Dr Simon Ross, University of Durham

Dr Oliver Rosten, DIAS, Dublin

Mr Alberto Rozas, Consejo Superior de Investigaciones Científicas

Dr Paul M Saffin, University of Nottingham

Associate Professor Francesco Sannino, Southern University of Denmark & Niels Bohr Institute

Mr Jorge E Santos, DAMTP, University of Cambridge

Ms Arabella C C O Schelpe, Cambridge University

Mr Daniel Scruton, DAMTP, University of Cambridge

Professor Antonio Segui, Zaragoza University

Miss Maryam Shaeri, University of Nottingham

Mr Douglas J Shaw, DAMTP, University of Cambridge

Dr Annamaria Sinkovics, DAMTP, University of Cambridge

Assistant Professor Andrew Sornborger, University of Georgia

Mr Thomas P Sotiriou, SISSA, Trieste

Dr James F Sparks, Harvard University

Assistant Professor Panayiotis P S Stavrinos, University of Athens

Professor Kellogg Stelle, Imperial College, London

Dr David Tong, DAMTP, University of Cambridge

Dr Alexey Toporensky, Sternberg Astronomical Institute

Professor Neil G Turok, DAMTP, University of Cambridge

Miss Linda Uruchurtu Gomez, DAMTP, University of Cambridge

Dr Karel Van Acoleyen, DAMTP, University of Cambridge

Mr Vladislav Vaganov, DAMTP, University of Cambridge

Dr Daniel J Waldram, Imperial College, London

Mr Claude M Warnick, DAMTP, University of Cambridge

Dr Clive G Wells, Jesus College, Cambridge

Dr John T Whelan, Albert Einstein Institute

Dr Elizabeth Winstanley, The University of Sheffield
